

# Nemours Children's Specialty Care

November 8, 2017

Mr. Frank J. Christensen  
General President  
International Union of Elevator Constructors

Dear Frank:

On behalf of our pediatric patients and families, I would like to thank you and your members for the wonderful surprise donation of 200 teddy bears here at Nemours Children's Specialty Care! The children left our clinic with smiles on their faces which makes all of us very happy! Your thoughtful generosity will make such a difference to our families. All of the bears have been distributed to our doctors and nurses who will give them to the children who need them the most.

I enjoyed talking with Rusty Gilbert today on the phone and hearing about the amazing ways how IUEC reaches out to communities such as ours. I would welcome an opportunity to partner with IUEC in the future to help our patients and families. God bless each of your IUEC members!

Sincerely,

Mary McCormack, CAVS  
Director of Volunteer Services
